BYLAW 09-19

BEING A BYLAW OF THE TOWN OF OKOTOKS IN THE PROVINCE OF ALBERTA TO ESTABLISH FEES, RATES, AND CHARGES FOR SERVICES PROVIDED BY THE MUNICIPALITY

WHEREAS pursuant to the provisions of the *Municipal Government Act*, Revised Statutes of Alberta 2000, Chapter M-26 and amendments thereto Council may pass a Bylaw annually for the purpose of establishing fees, rates, and charges for services provided by the Municipality.

NOW THEREFORE the Council of the Town of Okotoks enacts as follows:

- 1. This Bylaw may be known as the "Fees, Rates, and Charges Bylaw".
- 2. The fees, rates, and charges contained in the attached Schedule "A" and forming part of this Bylaw, shall be the fees, rates, and charges in effect for the provision of goods and services stated.
- 3. That the fees, rates, and charges contained in the attached Schedule "A" shall form part of this Bylaw and may be amended from time to time by Bylaw and any such amendment shall form part of this Bylaw.

SEVERABILITY

It is the intention of Council that each separate provision of this Bylaw shall be deemed independent of all other provisions herein and it is the further intention of Council that if any provision of this Bylaw is declared invalid, all other provisions hereof shall remain valid and enforceable.

This Bylaw shall come into full force upon third and final reading, and be effective January 1, 2020.

Outdoor Sports Field & Diamond Classification:

Community Diamonds: low to medium profile fields where there is no irrigation present. The turf quality is low to high and is maintained by weekly to bi-weekly mowing to a target height of 2.5" - 3.5". **Standard Fields & Diamonds**: high to medium profile fields where there is an automatic irrigation system present. The turf quality is medium to high and is maintained by weekly mowing to a target height of 2"-2.5".

Premier Fields & Diamonds: game suitable fields with an automatic irrigation system present and other amenities such as lighting, scoreboard, and/or dressing rooms.

GS	ST Service Description	Effective Date	Current Fee	Effective January 1 2020 (unless otherwise specified)	Unit of Measure
	Sewer Service Surcharge:	TBI)		See below

1) When tests carried out pursuant to this Bylaw show that the sewage from any commercial or industrial premises has a biochemical oxygen demand greater than three hundred milligrams per litre or suspended solids in excess of three hundred milligrams per litre, then the owner of the premises shall be subject to a surcharge in addition to the sewer charge.

2) The Sewer Service Surcharge shall be determined in cents per cubic metre of sewage discharged into the sewage system and shall be levied in accordance with the formula set out below:

- The formula for determining the surcharge to be levied is : R = (0.0722*B) + (0.0808*S) + (0.0832*G), where
- "R" means rate in cents per cubic meter

- "B" means the amount in milligrams per litre by which the biochemical oxygen demand of the sewage tested exceeds three hundred milligrams per litre'

- "S" means the amount in milligrams per litre by which the suspended solids of the sewage exceeds three hundred milligrams per litre; and

- "G" means the amount expressed in milligrams per litre by which the grease content of the sewage tested exceeds one hundred milligrams per litre

3) For the purpose of establishing the surcharge on a bi-monthly basis the rate established above (R) is to be multiplied by the number of cubic metres of water consumed for the billing period on the commercial or industrial premises determined on the same basis as that used in setting the sewer service charge.
