Report, Analysis and Financial Implications

The City of Calgary prepared this report for information purposes based on input provided by various municipalities under the criteria established in the report. Historically this report and the Financial Indicators report are provided to Council at the same time. The 2022 Financial Indicator report was submitted to Council on November 20, 2023 and this report was received by the Town on December 7, 2023.

The report reflects comparisons for the City of Calgary to municipalities across Canada and the City of Calgary to other municipalities in the Calgary Region, mainly Airdrie, Cochrane and Okotoks.

CAO Comments

The comparisons across the Calgary region start at approximately page 25. This report highlights some interesting themes: the Town's competitiveness in the residential tax category, its low non-residential taxes, and the value in its utility costs. It is helpful for this comparison to other municipalities to show taxpayers the regional variances in cost/value.
