Dear Chief Elected Officials:

I am writing to share information with you about *Budget 2024*, which my colleague, the Honourable Nate Horner, President of Treasury Board and Minister of Finance, has tabled in the Alberta Legislature. You will find below some details about *Budget 2024* that are most closely related to Alberta Municipal Affairs.

Budget 2024 is a responsible plan for a growing province that invests more than \$1 billion to build stronger communities across Alberta. Through these important investments, my ministry will continue to support local governments in providing fiscally responsible, collaborative, and accountable services to Albertans.

I am particularly excited about the Local Government Fiscal Framework (LGFF), which will deliver predictable capital infrastructure funding to municipalities and Metis Settlements across Alberta for many years to come. As we are all aware, the LGFF represents years of collaboration between the province and local governments, and the LGFF replaces the Municipal Sustainability Initiative (MSI) with a more sustainable model. We set the initial capital funding baseline for the LGFF at \$722 million to remain consistent with the average amount municipalities have received annually over the last three years of the MSI Capital program.

We now have a true partnership in place through the Revenue Index Factor, which will see municipal funding rise and fall at a one-to-one ratio that is based on changes in provincial revenue from three years prior. Our new framework will deliver the predictability and partnership that municipalities have long been asking for, and I would like to thank you once again for your input to the development of the LGFF to ensure it effectively supports communities and residents provincially. The MSI Operating program will continue as LGFF Operating funding and will provide \$60 million in 2024/25 to local governments to assist with your operational costs and help to respond to inflationary pressures. More information about the LGFF and the 2024 allocations can be found online.

Additionally, *Budget 2024* includes \$60 million over three years for the Local Growth and Sustainability Grant, a new grant to help relieve some of the pressures facing fast-growing communities. This new grant will help address acute infrastructure priorities and economic development opportunities. More details about the program will be shared with you later this year.

As with previous years, our budget includes capital support through the federal Canada Community-Building Fund and Investing in Canada Infrastructure Program. We are also pleased to maintain the strong support we have for public libraries with more than \$33 million going towards operating grants for libraries across the province.

Budget 2024 puts Albertans and Alberta families first by investing in strong health care, a modern education system, and supports to keep life affordable. This budget also invests in safe and supportive communities in Alberta by managing our resources wisely.

I look forward to continuing our work together over this next year as we continue to build strong and vibrant communities that contribute to a stronger province and a brighter future for Albertans and their families.

Sincerely,

Ric McIver
Minister
