

OKOTOKS MUNICIPAL ENFORCEMENT 2023 ANNUAL REPORT

Issue

The Okotoks Municipal Enforcement 2023 Annual Report is provided to Council as information.

Motion Proposed by Administration

That the Okotoks Municipal Enforcement 2023 Annual Report be accepted as presented.

Report, Analysis and Financial Implications

Okotoks Municipal Enforcement is required to submit an annual report on performance to the Province. This report is being shared with Council as well as an internal dashboard that can highlight trends in municipal enforcement activity. This report highlights the priority calls, the peak times for calls and the volume/types of calls from the public. This is being provided to ensure consistency between RCMP reporting and to show the health and safety impacts of the department and assist with requests for increasing levels of service.

CAO Comments

Administration is providing the annual report and will provide a walkthrough of the new corporate dashboard to show the annual results for 2023. This will highlight not only the investment in municipal enforcement but also the investment in corporate analytics to advance evidence-based decision making.
