To town council and Mayor Thorne,

My name is Shawna Miller and I have been a resident in Heritage Okotoks for 25 years. I live directly across the street from the proposed land use redesignation at 149 Elizabeth St. and I am concerned about the implications that bylaw 24-24 would have on our community. It will create additional traffic congestion, noise, and is incompatible with our residential neighbourhood. I strongly disagree with the proposed amendment to rezone this property from Traditional Neighbourhood / Downtown to General Commercial. I urge town council to also repeal this bylaw.

Sincerely,

A handwritten signature in cursive script that reads "S. Miller".
