

COMMUNITY SAFETY 2024 FOURTH QUARTER REPORT

Issue

The Community Safety 2024 Fourth Quarter Report is provided to Council for information.

Motion Proposed by Administration

That the Community Safety 2024 Fourth Quarter Report be received as information.

Report, Analysis and Financial Implications

An efficient approach to the reporting from the three branches of Community Safety (formerly Protective Services) is now in effect and will be provided to Council as information on a quarterly basis.

Data in this report is shared from Okotoks Fire & Rescue, Okotoks Municipal Enforcement, and the Okotoks RCMP.

Strategic Plan Goals

<input type="checkbox"/>	Responsibly Managed Growth	<input type="checkbox"/>	Demonstrated Environmental Leadership
<input type="checkbox"/>	Strong Local Economy	<input checked="" type="checkbox"/>	Enhanced Culture & Community Health
<input checked="" type="checkbox"/>	Organizational Excellence

CAO Comments

These reports capture the volume of activity in the Community Safety areas of the Town of Okotoks. With Okotoks Municipal Enforcement now at full staffing complement, the output from the team has been exceptional and their focus on the community's priority areas of traffic can be seen in the results. In Okotoks Fire & Rescue, administrative meetings will be set up to discuss performance and opportunities for improvement with Alberta Health Services as their EMS performance is impacting the performance of Okotoks Fire & Rescue. RCMP activity is trending downward from a person's perspective and trending up from a property perspective. Staffing of RCMP to budgeted levels will be a priority moving forward.
