

OKOTOKS MUNICIPAL ENFORCEMENT 2024 ANNUAL REPORT

Issue

The Okotoks Municipal Enforcement 2024 Annual Report is provided to Council for information.

Motion Proposed by Administration

That the Okotoks Municipal Enforcement 2024 Annual Report be received as information.

Report, Analysis and Financial Implications

Okotoks Municipal Enforcement is required to submit an annual report as part of legislative requirements under the *Peace Officer Act*. This report is being shared with Council as well as an internal dashboard that highlights trends in municipal enforcement activity. This report highlights the priority calls, peak times for calls, and the volume/types of calls from the public. This is being provided to ensure consistency between RCMP reporting, the health and safety impacts to the department, and assist with requests for increasing levels of service.

Strategic Plan Goals

<input type="checkbox"/>	Responsibly Managed Growth	<input type="checkbox"/>	Demonstrated Environmental Leadership
<input type="checkbox"/>	Strong Local Economy	<input type="checkbox"/>	Enhanced Culture & Community Health
<input checked="" type="checkbox"/>	Organizational Excellence

CAO Comments

This annual report highlights the 2024 outcomes for the Okotoks Municipal Enforcement team. Their core service levels established by Council include bylaw compliance, traffic compliance, and community policing. Each year, the community participates in a community safety survey, according to that survey, the number one concern in the community is traffic: speeding. The Okotoks Municipal Enforcement Team, now at full complement, has focussed their efforts on this priority to influence the safety outcomes in the community resulting in an overall 57% increase in speeding tickets issued in 2025.
