Dear Mayor Thorn:

Through the Local Growth and Sustainability Grant (LGSG) - Growth component, the Government of Alberta supports communities experiencing significant growth pressures while attracting new economic development and investment opportunities to keep our provincial economy thriving.

I am pleased to inform you that the Town of Okotoks has been approved for a grant of \$5,071,448 under the 2024/25 LGSG - Growth program in support of the River's Edge Phase 1 Utility and Road Construction project.

The conditional grant agreement will be sent to your chief administrative officer to obtain the appropriate signatures.

Under the LGSG, local governments are expected to highlight their provincially funded project by publicizing the project. We encourage you to send invitations for any milestone events to my office. We ask that you provide a minimum notice of 20 working days prior to the date of the proposed event. In addition, please ensure project construction commences on or before September 30, 2025, in alignment with LGSG program guidelines.

The LGSG funding reflects the importance of building strong, sustainable communities across Alberta. I am confident your project will contribute to the prosperity of your community and help Alberta remain a dynamic place to live, work, and invest.

I congratulate you on initiating this project, and I wish you every success in your efforts.

Sincerely,

Ric McIver  
Minister
