## **RESPONSE TO COUNCILLOR INQUIRY**

### **COUNCILLOR WATRIN**

Councillor Watrin inquired as to the feasibility of installing public washrooms at the Town owned off leash dog park.

### **RESPONSE**

The Okotoks off leash park is located on the former Okotoks gas plant lands. Although the land has been reclaimed, there is a restrictive covenant registered to the title that prohibits excavation and erection of buildings on the site, so it is not permitted to install a washroom facility in the park.

There is currently a public toilet building at the upper parking lot located at 132 Drake Landing Loop, 160 meters from the main access to the Okotoks off leash park.
