

RESPONSE TO COUNCILLOR INQUIRY

COUNCILLOR ROCKLEY

Councillor Rockley inquired if the pedestrian counters installed in 2013, at the recommendation of the Active Transportation Committee, situated along Town pathways and pedestrian corridors are still active and gathering information.

RESPONSE

The pedestrian counters are still active and gathering information.

Current locations are at the entrance to Beatrice Wyndham Park, Mountainview Storm Pond (Laudan Park), Maxbell Pathway, Laurie Boyd Bridge, Off Leash Park, and Woodhaven Pathway. Pathway counters at Veterans Way were taken down due to construction but will be re-placed by the end of the year, with one on each side of the road.
