

RESPONSE TO COUNCILLOR INQUIRY

COUNCILLOR CHRISTOPHERS

Councillor Christophers inquired regarding the possibility of the new residential smart water meters being linked to a fibre optic connection.

Estimated Administrative Time to Respond

Under 4 hours (no motion required)

Over 4 hours (motion required) Estimated Hours: n/a

Motion

n/a

Response

Presently, the new Sensus meters do not operate on fibre optic systems. Administration will keep discussions open with the Town's meter vendor in order to continue providing the best service to customers at the best value as technology changes.
