Good morning Florence & Deanna,

My apology for this late note but I won't be in attendance to today's OPSEC meeting due to work constraints. Last fall, Carrie Fischer was trying to change the meeting time to the evening but that didn't happen. Unfortunately, I won't be able to continue to participate with this committee because of the meeting time. Please accept my formal resignation from this committee (again) and my apologies that I can't make this work for me at this time.

I wish everyone on the committee great success.

Sincerely,

Laura Schlosser
