### Report, Analysis and Financial Implications

Bylaw 02-24 proposes to amend the Land Use Bylaw by redesignating approximately 9.58 hectares (23.67 acres) of lands within the Tillotson development area from Agricultural and Land Holdings District (ALH) to Traditional Neighbourhood District (TN) and Neighbourhood Core District (NC) as illustrated in the map below.

The proposed amendment is consistent with statutory plans in place for the area.

Bylaw 02-24 received first reading on January 8, 2024 and a Public Hearing was held on February 12, 2024. Under the Water Allocation Policy, a land use redesignation can receive up to second reading prior to issuance of a Water Verification and Assignment Process (WVAP) Clearance Certificate for the lands. Issuance of the WVAP Clearance Certificate is subject to, amongst other things, sufficient availability of water allocation for this site, the developer entering into a subdivision servicing agreement for previous phases of development (Tillotson Phase 1), and payment of the water allocation costs for this site.

This phase of development requires an allocation of 53,048 m<sup>3</sup>/year (incorrectly reported as 48,268 m<sup>3</sup>/year in the February 12, 2024 report) and there is not currently sufficient capacity available in the Water Allocation System to support this phase. As such, this phase will be placed into the water allocation queue once it is eligible for assignment.
